Nikalne povedi (-) se v času *Past Simple Tense* tvori tako, da uporabimo pomožnik *didn't* (did not) ki mu sledi glagol v nedoločniku (v 1. obliki; oz. ga nič ne spreminjamo), ne glede na to ali je pravilen ali nepravilen glagol.

Primeri: I **didn't do** the dishes.

He **didn't make** a cake

They **didn't go** to Switzerland.

Vprašalne povedi (?) v času *Past Simple Tense* tvorimo tako, da pomožnik *did* postavimo na začetek. Besedni vrstni red v vprašalni povedi je torej: *did*, oseba, nedoločnik (1. oblika glagola; oz. nespremenjena oblika).

Primeri: **Did** you **do** your homework?

Did she **study** for the exam?

Did we **have** any homework?
